

How to Succeed in College

CAREER EXPLORATION

Hennepin Technical College™

1 credit course

How to Succeed in College-Career Exploration is a 1 credit, hands-on course that introduces students to in-demand technical careers. Students will have the opportunity to explore a variety of careers including Transportation, Media Communications, Emergency Medical Careers and Manufacturing to name a few. Students will also learn the skills and knowledge to succeed in college. We can't wait for students to start their career exploration journey at Hennepin Technical College.
