Academic Planning Guide

Organizational Coordinator Diploma

The organizational coordinator is a key member of the office team. This individual will use current software applications in word processing, spreadsheets, databases, and presentations. As an organizational coordinator, you may have the opportunity to serve as a communications liaison to the technology staff. Excellent interpersonal skills and the ability to assume additional responsibility are essential including an awareness of the issues surrounding computer security in today's highly technological

world. Upon completing the diploma program, students will have the knowledge to undertake a variety of tasks and responsibilities within a professional office environment.

Prerequisite knowledge: Basic computer literacy, computer keyboarding, familiarity with the Internet, college-level reading and writing ability, and proficiency in basic mathematics.

Plan Your Path to Stay on Track

Success doesn't happen by accident—it starts with a plan! Whether you're working toward a diploma, certificate, or degree, understanding which courses to take and when to take them can save you time, money, and stress.

By staying organized and proactive, you'll move forward with confidence, avoid last-minute surprises, and stay on track for graduation. One of the best tools to help you map out your path is your Degree Audit Report (DARS).

Your Personal Academic Checklist

DARS takes the guesswork out of course planning. It gives you a clear snapshot of your progress and shows which classes are still required for your program.

Why Check DARS?

Planning your class schedule is much easier when you know what is left to take! Checking your DARS report can help you:

- ✓ Avoid registering for the wrong courses
- ✓ Make steady progress toward your degree or diploma
- ✓ Stay on track for graduation and avoid surprises

How to Access Your DARS Audit

Checking your DARS only takes a few clicks!

- 1 Log into eServices with your StarID and password
- 2 Go to the Academic Records section
- 3 Click on Degree Audit Report (DARS)
- 4 Review your audit to see what is complete and what is still required

Plan Ahead for Success

It is smart to review your DARS every semester—especially before registration opens. If you are not sure which classes to take next, your DARS is a great place to start. You can also bring it to your academic advising appointment to build a plan that fits your goals and schedule.

Your degree. Your plan. Your future.

DARS helps you take the right steps, at the right time. Check your DARS often so you can register with confidence and graduate on time!
