a. **State of the Student's Senate** (Public assembly review of recent senate activities)

Ari mentioned how we have had a solid sweater soiree event, and our push for inclusion and make Senate more known on campus.

b. **Senators Decide** (What should the student senate still do besides what is already being done/also against next semester, could be next event, a new bill, project or anything else.)

Carmin would like to plan a valentines get together event with collaboration with senate. She is asking for \$50-\$100 for food and decoration costs. Valentine's get together will bring in new students to a comfortable community. Wants to host Coffee/ Hot Chocolate bar, charcuterie boards. Student appreciation type of event. Up to 50 or so people. The proposed day is February 13th Thursday. wants painting to be available.

Senates executive members have been missed sorely at events. Executives' apologies for lack of involvement with students' events. Executives should not be asking for student engagement when the executives are not engaging with the student body.

Senate involvement is empowering to students and to see executives helping and being involved in the community really brings a sense of joy.
